Recognised as a leading global supplier of high quality window blind systems and beautifully diverse fabrics which combine style with practical benefits, Louvolite is proud to innovate, design and manufacture in the UK, ensuring reliable made to measure window blinds for your home.

With three years in the making, this collection is something spectacular. Colour spectrum orientated, you'll easily be able to find the perfect natural texture, barely there sheer or luxe laminate that brings your interior palette together. And there are over 60 print designs!

Another exciting development is our recycled content fabrics, made from yarns that have given PET bottle waste a new life. There's no compromise on style either as these ranges feature a trendy colour palette with great performance features that are from recycled coatings.

View all our wonderfully curated fabrics by visiting your nearest stockist or on our website where you can order complimentary samples.

CHOOSING YOUR FABRIC

STYLE TIPS FROM THE DESIGNERS

Whatever your style or taste, our collection offers something to suit everyone. You may know exactly what you want or need a little help so here are some tips to consider when choosing your new window shading.

THE ROOM

Where and how are your blinds going to be used? Are you letting the light in or shutting it out? Privacy and sleep may be important factors to consider. Think about how the room is used and this will point you in the right direction.

THE FABRIC

Once you've established how your blind is going to be used, you can then move onto fabric choice to see which one is right for you and your room. We have a wide selection of blockouts, light filtering, sheers, recycled, plains, textures and prints.

THE COLOUR

When choosing colours, take your cue from existing colours, finishes and materials already in the room. If redecorating, create a mood board with inspirational interior images, your potential furniture, paint swatches, our fabric samples and your flooring.

VERTICAL BLINDS

CLASSIC & CONTEMPORARY

Lush fabrics paired with our sleek Slimline Vogue® headrail has turned this traditional blind into a sophisticated shading solution.

Our made to measure Vertical blinds can be drawn neatly to the side to offer you unlimited views, or the louvres can be rotated to allow just the right amount of light into the room to maintain an element of privacy.

Wide windows or narrow, the versatility of vertical blinds make them an ideal shading solution for any window.

Create something special with a sophisticated, lustrous jacquard or an eyecatching print or keep things simple at the window for a minimalist interior with our neutral textures and recycled content plains.

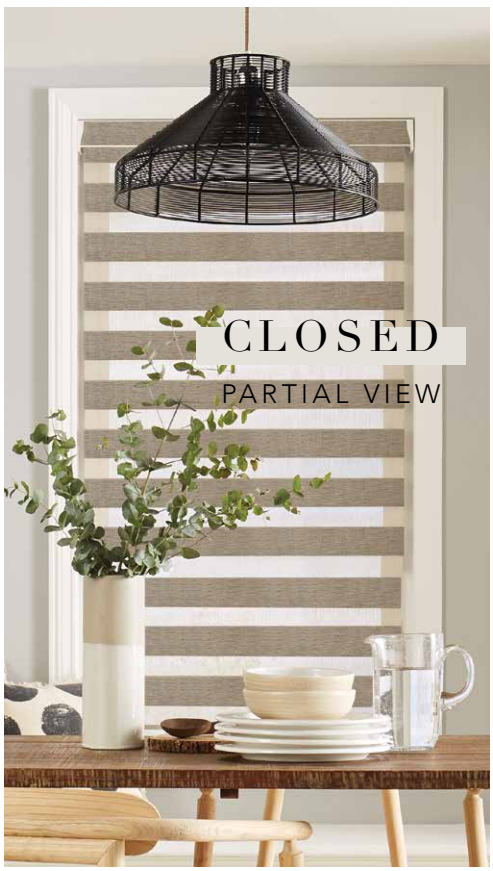
VISION® BLINDS

ULTIMATE CURB APPEAL

Our popular, contemporary window shade that looks as striking from the outside of the house as it does from inside.

Vision® blinds feature two layers of fabric in alternating stripes of translucent and opaque. The back fabric moves independently of the front layer allowing the stripes to glide past each other creating an open and closed effect. This allows you to control the levels of light and privacy to suit your needs.



Suitable for all size windows, Vision blinds are easy to adjust and are great for controlling the light filtering into the room, especially glare. In one continual movement the blind can be raised for a clear view outside or fully closed for maximum privacy.

For smooth operation you have the choice of chain control or convenient motorisation.

Please note: Blockout fabric does not create a fully blackout blind, there will be lightstrike at the edge of the blind and between the fabric vanes

Lucca White

A wow blind needs stunning fabric and our Vision® collection offers just that. Natural and sumptuous tonal textures, subtle metallic shimmers and blockout options, make these blinds perfect for any room in the home.

Add a high-end finish to your Vision® blind with our stylish 70mm cassettes and matching bottom bars. Our circular Vision® bottom bars incorporate self-centralising patented technology that helps keep fabric clear from obstructions to avoid fraying.

Curtain motors are the perfect solution for controlling your curtains with ease. With a motorised curtain pole, you can easily open and close curtains at the press of a button. The rechargable battery operated system allows you to use it without any wiring or electricity - making it easy to install and operate from anywhere in the house.

CELLULAR BLINDS

SOPHISTICATED INSULATION

With their unique shape and functional design, our stylish Cellular blinds take unpredictable Australasian temperatures in their stride.

A sophisticated and pretty hued collection that ranges from blockouts, that offer enhanced privacy, through to light filtering fabrics that give your room a soft glow.

Incredibly efficient, cellular blinds not only look great but also help keep energy costs down. Their unique honeycomb structure creates a thermal barrier between the room and window to provide additional insulation, helping to control the temperature of your room all year round.

Cellular blinds are even more thermally effective when paired with the Louvolite Perfect Fit® systems.

PERFECT FIT

AWARD WINNING

Stylish Perfect Fit® blinds are a fantastic choice for most windows and doors, and they're so easy to fit with no holes drilled into your frames.

Chain Control Vision | Verona Platinum

Louvolite Perfect Fit® is unique because the blind fits neatly into a stylish frame which moves together with your windows and doors when they are opened and closed, giving you the perfect combination of shade and ventilation.

THE BENEFITS:

- No gaps at the side of the blinds for enhanced privacy and improved insulation and light control.
- Totally child safe because there are no loose cords.
- Perfect Fit blinds attach to your window or door frame, allowing them to be easily opened or closed freely.
- Available in a range of stylish finishes to match your window or door frame.
- All Louvolite roller, cellular and Vision® blind fabrics can be made into Perfect Fit blinds.

KONNECT

Perfect Fit Konnect uses magnetic strips that, when fitted to the frame and window, secures your blind into position. This allows Perfect Fit blinds to be fitted to even more types of windows and doors, including aluminium and wooden frames.

ROMAN BLINDS

— CLASSIC NAME, MODERN OPERATION —

An alternative to traditional soft cloth, this innovative system and streamlined design, offers chain or motorised operation.

STYLE TIP

All our Roman fabrics are available as Roller too so you can match when shading varying window sizes.

Chrysanthemum Lakes | Roman & Roller

When open the large panels of fabric stack neatly behind one another allowing maximum light to enter the room. Using the slim wand, slide the panels into a closed position, this creates a unique fabric screen that provides light control and privacy.

Inspired by minimalism, the track is super slim in design to subtly blend in and being a fully bespoke system you have the choice between the 3, 4 or 5 channel track and side or split draw operation to perfectly suit your interior.

For an eclectic flair mix patterned prints with a complementary (or contrasting!) plain fabric.
